There are lots of inaccuracies making it difficult to understand which works are proposed - address is stated as 10 Cliff Road, map shows crosses behind 8 Cliff Road and photos show trees at the back of Cliff Road Studios.</p> <p>Assuming it's trees at the back of Cliff Road Studios with Ash tree being the larger one next to 100A Camden Mews (loss of that tree would be horrible!) I would hope the applicant would reconsider felling of the Pear tree. It's a beautiful tree that looks healthy and I am not sure if photos show significant trunk damage.</p> <p>Although I believe tree maintenance is important to ensure healthy and beautiful trees in the conservation area it feels that not enough consideration has been given to this planning application. I am also concerned given the inaccuracies there will be confusion and hope tree workers will have clear instructions to work on the trees on the photos.</p> <p>Kind regards,</p> <p>Alexandra Zagalsky</p> |
