Subject: Development Frognal Lane

Dear Camden planning authorities

I object to the development of the garage on Frognal lane. My tenant Nigel is not happy about it, he says it will affect his view and light. The development will affect the rental income I can achieve in the longer term. Not to mention the disturbance while building is being done, Paul Doherty owner Flat 17 Palace Court

Why are people who are not affected by the development posting on your portal?

I have concerns about subsidence .

best regards,

Paul Doherty
