Camden Council / Planning  

Dear Sir,

Planning Application – 2024/3019/P  
Coal Drops Yard  
King's Cross London N1C 4DQ

I write to lodge objection to the Planning Application lodged by the developer Argent.

I am a resident of Luma House, near to the Coal Drops Yard.

The proposed development of Coal Drops Yard into a commercial mall destroys the heritage of the Coal Drops Yard. It is incompatible with the character of the area, which is now mainly used for residential and office purposes.

The developer seems only care for commercial return at this final stage of the development of the area, and does not concerned about good taste, and the tranquility of the area.

Yours faithfully

  
Him Shing Cheung
