2024/2988/P	The Belsize Society	10/09/2024 17:31:21	OBJ	<p>The Belsize Society objects to this application.</p> <p>There is currently no mansard roof on the properties on this side of the section of Elizabeth Mews (the consented scheme next door may or may not be built). The mention of the opposite side of the mews as support is irrelevant as virtually all the properties have long had mansard roofs and the mews is wider and differently located. Local residents are concerned at loss of light to this narrow mews by extending upwards and overlooking and it does not seem as though sufficient effort has been made to map this loss of amenity. We object to basement development in this tight space and the nuisance, noise and vibration this will inevitably cause in an enclosed area.</p>
