**Hi Rav**

**I have made a bit of a mistake I believe.**

**I have either carried out work that I have failed to make an application for or have not checked to see if an application was made by the company.**

**Whichever it was it was my fault and as a result of moving yards, arbitration assessment stuff I have dropped a plate with this one.**

**The address is 55-56 Russell Square, WC1B 4HP**

**It's a lime tree out the back.**

**I have attached a scratch plan, a before and an after picture of the work. I'm hoping I can offer an apology and for you guys to know that I'm normally on top of the applications.**

**Would it be possible for retrospective permission?**

**Again I am very sorry**

**T1 Lime reduce 1.5m back to previous pruning points while retaining lateral growth.**
