Subject: Tree work in conservation area 11 Gloucester Avenue, 2024/3396/T

Dear Sir/ Madam

It was with great distress that we received your notification of the intended proposed work to the tree in 11 Gloucester Avenue. I am referring to the Ash tree which is due to be felled to the ground but then the application is also confusingly states to reduce the crown to 3 meters. There should be no work done on this tree until it is clear what is actually going to be done as it is not clear what the proposal entails. Can you please clarify this urgently!

Kind regards

Susanne Kaiser
