c) Features of geological conservation importance

- ☐ Yes, on the development site  
☐ Yes, on land adjacent to or near the proposed development  
☒ No

### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

- ☐ Yes  
☒ No

Please add all the exemptions or transitional arrangements that apply and provide a reason why

#### Exemption:

Development subject to the de minimis exemption (development below the threshold)

#### Reason for selecting exemption:

The development size is below the threshold.

Note: Please read the help text for further information on the exemptions available and when they apply

## Details of the pre-application advice received

The proposed extension would result in an increase to the size of Flats 1 and 3, which are existing studio flats.

The site is a non-designated heritage asset within the Camden Town Conservation Area. The Council has a statutory obligation to preserve or enhance the character and appearance of the conservation area, to which the subject site makes a positive contribution.

The site is visible from other houses in the conservation area, and also in public views from Harrington Square/Hurdwick Place to the rear.

The proposed development would be visible from such views. The existing rear elevation of this area of Eversholt Street contains a few smaller single storied extensions at first floor level to the rear, however there are no extensions of a similar scale to that proposed present within the surrounding area. In fact, there are no rear extensions within the area granted under current planning policy and guidance. The proposed extension would be out of character with the prevailing pattern of development in this location, with respect to its scale, width and depth. The second-floor extension would add excessive bulk, and would mask the characteristic diagonal arrangement of windows that the rear of these properties display. The proposed windows are of a single-light type that is uncharacteristic of the conservation area and would not be supported by Council. Windows should take a traditional form and match existing in design and materiality. The brickwork to match the existing is appropriate. The green roof is a welcome addition; details could be provided at the time of application, or could be secured via condition. The black steel balustrades are considered appropriate, however their location should be clearly identified on the proposed first floor plan. Overall, Council is not supportive of the proposed development from a heritage and design perspective. The scale is out of character with the prevailing pattern of development along this area of Eversholt Street, and would be harmful to the character and appearance of the Camden Town Conservation Area. Council is supportive of the principal of some form of a rear extension in this area, however it should be single storied, not extend any deeper than existing extensions within the area (e.g. 265 Eversholt Street) and should not be full width.

Overall, whether the proposal would be acceptable with respect to amenity would be largely dependent on the contents of a daylight and sunlight assessment.<sup>1</sup> Quality of Accommodation

The proposed extension would result in an increase in size to existing flats 1 and 3 which are both studios. This is a positive, increasing the quality of accommodation that currently exists.<sup>1</sup> Conclusion The proposed development would not be supported by Council, however single storied rear extension at first floor level, smaller in scale than that proposed would likely be supported.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

## Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- ☒ Yes  
☐ No

Is any of the land to which the application relates part of an Agricultural Holding?

- ☐ Yes  
☒ No

## Certificate Of Ownership - Certificate A

**I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner\* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding\*\***

**\* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**\*\* "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

**NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.**
