Description of the Proposal

Cochiption of the Freposal Please note in regard to: • Fire Statements - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning quidance on fire statements or access the fire statement template and quidance. Permission In Principle - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below. • Public Service Infrastructure - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods. Description Please describe details of the proposed development or works including any change of use The Client would like to extend the property vertically for one extra floor across the whole existing structure. Due to the split height of the dwelling this would result in a part three storey and two storey building. The new proposed structure will have the same internal layout as the existing level 1 internally and externally share the same finish and aesthetics of white render finish. The newly proposed roofs are going to be finished as green roof. The proposal is to gain more sunlight into the house as the immediate site of the existing garages will be occupied with two new terraced house. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why they are exempt from doing so. Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required. Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply? Yes No Please add all the exemptions or transitional arrangements that apply and provide a reason why Exemption: Development subject to the de minimis exemption (development below the threshold) Reason for selecting exemption: the development does not impact an onsite priority habitat, it impacts less than 25 square metres of onsite habitat that has biodiversity value
