Hi,

I write with regards to planning application 2024/3534/P regarding reconfiguring the o2 centre car park.

Currently there is no dockless ebike parking on site or near the o2 centre. As part of this planning application, I would like Camden Council to require the conversion of a couple of parking spaces (ideally located close to the entrance) to an ebike parking area in order to encourage more sustainable forms of transport to the shops.

Thanks,
Chris
