2024/3908/P	Victoria	07/10/2024 09:37:16	INT	Work has already begun on this development yet I can see planning has not been granted. There was no public notice that works would be beginning or to raise any objections. I checked for this planning many times, but it was only visible today, despite the application having been made in September. The works are noisy, there is already loud drilling, vans are already taking up parking bays in the street meant for everyone's use.
