Dear Sir/Madam

## DECISION

Town and Country Planning Act 1990 (as amended)

### Full Planning Permission Refused

Address:

**Pavement outside 133 Clerkenwell Road  
London  
EC1R 5DB**

Proposal: Installation of a Pulse Smart Hub with integrated digital screens and emergency functionality including provision of defibrillators.

Drawing Nos: (Cam-CR1/2024/-)01 to 06 (inclusive); Planning and Heritage Statement from DPV Consult Limited (ref: DP/20075) dated 24/07/2024; Design, Management and Operational Statement from Urban Innovation Company dated 10/05/2024; Responsibilities Statement from Urban Innovation Company dated July 2024.

The Council has considered your application and decided to **refuse** planning permission for the following reason(s):

#### Reason(s) for Refusal

- 1 The proposed Pulse Smart Hub, by reason of its location, size and detailed design, would add harmful visual clutter and detract from the character and appearance of the street scene and the Hatton Garden Conservation Area, including a number of positive contributors located opposite (Cavendish Mansions, 170-178 Clerkenwell Road and Gray's Inn Buildings, Rosebery Avenue), and be harmful to the setting of a Grade II listed building (Yorkshire Grey Public House, 2-6 Theobald's Road), contrary to policies D1 (Design) and D2 (Heritage) of the Camden Local Plan 2017.

- 2 The proposed Pulse Smart Hub, by virtue of its location, size and detailed design, and adding unnecessary street clutter, would reduce the amount of useable, unobstructed footway, which would be detrimental to the quality of the public realm, cause harm to highway safety and hinder pedestrian movement and have a detrimental impact on the promotion of walking as an alternative to motorised transport, contrary to policies G1 (Delivery and location of growth), A1 (Managing the impact of development), C6 (Access for all) and T1 (Prioritising walking, cycling and public transport) of the Camden Local Plan 2017.
- 3 The proposed Pulse Smart Hub, by virtue of its inappropriate siting, size and design, would fail to reduce opportunities for crime and antisocial behaviour to the detriment of community safety and security, and compromise the safety of those using and servicing the telephone kiosk contrary to policy C5 (Safety and Security) of the Camden Local Plan 2017.
- 4 In the absence of a legal agreement to secure a maintenance plan for the proposed communications hub, the proposal would be detrimental to the quality of the public realm, and detract from the character and appearance of the streetscene, contrary to policies D1 (Design), G1 (Delivery and location of growth), A1 (Managing the impact of development), C6 (Access for all) and T1 (Prioritising walking, cycling and public transport) of the London Borough of Camden Local Plan 2017.
