#### Informative(s):

- 1 Reasons for granting consent:

This application seeks consent for the display of two externally illuminated fascia sign, fronting High Holborn and Gray's Inn Road respectively.

The proposed fascia signages would be approximately 7900mm x 1035mm x 60mm and 18700mm x 1035mm x 60mm. Both signages will be made with folded powder coated aluminium pan with white acrylic letters and green graphic in vinyl. Only the letters of the shop name "Robert Dyas" on the two proposed fascia signages will be externally illuminated by a static trough light in white colour with an illuminance level of 120cd/m<sup>2</sup>. Overall, the proposed signages are considered acceptable in terms of size, material, number, illuminance level and position. As such it is considered there would be minimal visual impact resulting from the proposal.

The proposed advertisement letters would not impact on amenity in terms of light spill or outlook, nor would it be harmful to either pedestrian or vehicular safety.

The application site's planning history was taken into account when coming to this decision.

As such, the proposed development is in general accordance with Policies A1 and D4 of the Camden Local Plan 2017, the London Plan 2021, and the National Planning Policy Framework 2023 and CPG Advertisements 2018.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
