Dear Sir/Madan

This is about the Notification of Intended Tree Works at 39 Eton Avenue, NW3 3EP.

In addition to the proposed works, I wanted to bring to your attention that a couple of trees (the Apple Tree (T4) and I don't know which one is the other) overhang significantly into 41 Eton Avenue, Springfield Court. During the season Apples drop into Springfield Court and rot causing rodents etc to come to our property.

Please therefore could I request that the trees that overhand into Springfield Court be trimmed back so the trees are confined to the boundary of 39 Eton Avenue (acknowledging that over time they will grow, but that would still be a significantly better situation than the current one).

Thanks and regards

Mahesh Chordia
