Subject: Application Ref; 2024/4305T Intended Work to Trees in a Conservation Areaa

Dear Camden Planning Department

I am writing to object to the proposed further destruction of healthy trees in the garden of 40 Frognal NW3 6AG. I cannot see the slightest justification for this proposal especially in a conservation area where they are an important habitat for wildlife throughout the year and have the added added advantage of hiding a bright security light on a neighbouring house.

I would ask you to reject this application particularly in view of the earlier destruction to the trees in this garden and the lack of any reason given for it.

Yours sincerely

Sally Tornow
