Subject: FW: Planning Reference: 2024/3471/P. Attention: Gary Wong

Hi Team.

Could you please help log this objection on M3?

One from Mr. Joe Duggan and another one from Mr. Mark Pilkington.

Thank you.

Kind regards,
Gary Wong

Hello planning team

Our neighbour just alerted us that a planning application was recently submitted with the above reference.

I am registered to receive notifications but did not receive one for this application. Can you please confirm when this notification was sent out so I can check my spam folder.

In the meantime please take this email as an objection from us - we don't want the aural and visual intrusion of an aircon unit outside our home.

Please can you confirm receipt of this email. Thank you. Mark Pilkington.

Joe

For The Attention Of Gary Wong

Dear Mr Wong,

We just discovered this application - there is no site notice - and we do not believe we received notification of this application.

We would like to object to this planning application for the following reasons:

Over the past 15 years various businesses have installed External Air Con Units opposite our house, and you colleagues in planning enforcement have successfully removed these, each and every one.

This is a residential area and such units are detrimental to our residential amenity.

The shop units have no external land and such units would be outside the land ownership of the shops, oversell the highway and intrude over residents permit parking bays.

All other business units in this terrace have successfully installed units within there premises or done without them.

Thank you.

Regards

Joe Duggan
