2024/4550/P	Christophe Kasolowsky	22/10/2024 08:36:44	OBJ	I am the owner of Ground Floor Flat, 172 Maygrove Road. I would like to object to this proposal. My property has a garden on the Easter flank of 170 Maygrove Road. The garden would be directly below the proposed roof terrace. The revised proposal makes no adjustments to the position of the Eastern balustrade and would therefore continue to result in a risk of overlooking, excessive noise as well as danger to the occupants in the property below. Furthermore, the potential for significant noise can not be controlled by any conditions, in particular in the context of potential short term let tenants who are not incentivised by any conditions. Please refuse this application

My property has a bedroom on the first floor which would directly face the proposed roof terrace. The revised proposal makes no adjustments to the position of the Eastern balustrade and would therefore continue to result in a risk of overlooking, excessive noise towards this bedroom. Furthermore, the potential for significant noise can not be controlled by any conditions, in particular in the context of potential short term let tenants who are not incentivised by any conditions.
