**Recommend Archaeology Condition to be Satisfied**

Thank you for your consultation received on 08 October 2024.

The Greater London Archaeological Advisory Service (GLAAS) provides archaeological advice in accordance with the National Planning Policy Framework and GLAAS Charter.

I have received an archaeological report (MOLA, Sep 24) provided in compliance with the archaeological investigation condition of the above planning permission.

Having considered the submitted document I recommend its approval. No further archaeological work is necessary and the archaeological condition under this application has been satisfied.

The results of the archaeological investigation will be published in summary form in the London Archaeologist and made available through the Greater London Historic Environment Record. The site archive will be deposited with the Museum of London Archaeological Archive.

This response relates solely to archaeological issues.

Yours sincerely

**Greer Dewdney**
