2024/4393/P	Richard Pilkington	22/10/2024 13:41:59	COMMNT	<p>The erection of a single storey extension will have a deleterious effect on the basement garden flat at 40b. At the moment students occupying 11 Murray street cause a noise disturbance, often sitting on the current ground floor flat roof. A further extension would mean that the residents would overlook not only 40 Stratford villas but all of the back gardens along one side of the street. This doesn't fit in with a quiet residential conservation area.</p>
