

WHAT IS ACTION ROOMS?

• An action game or the world's craziest team game, where players will dive into a real scale video games arcade.

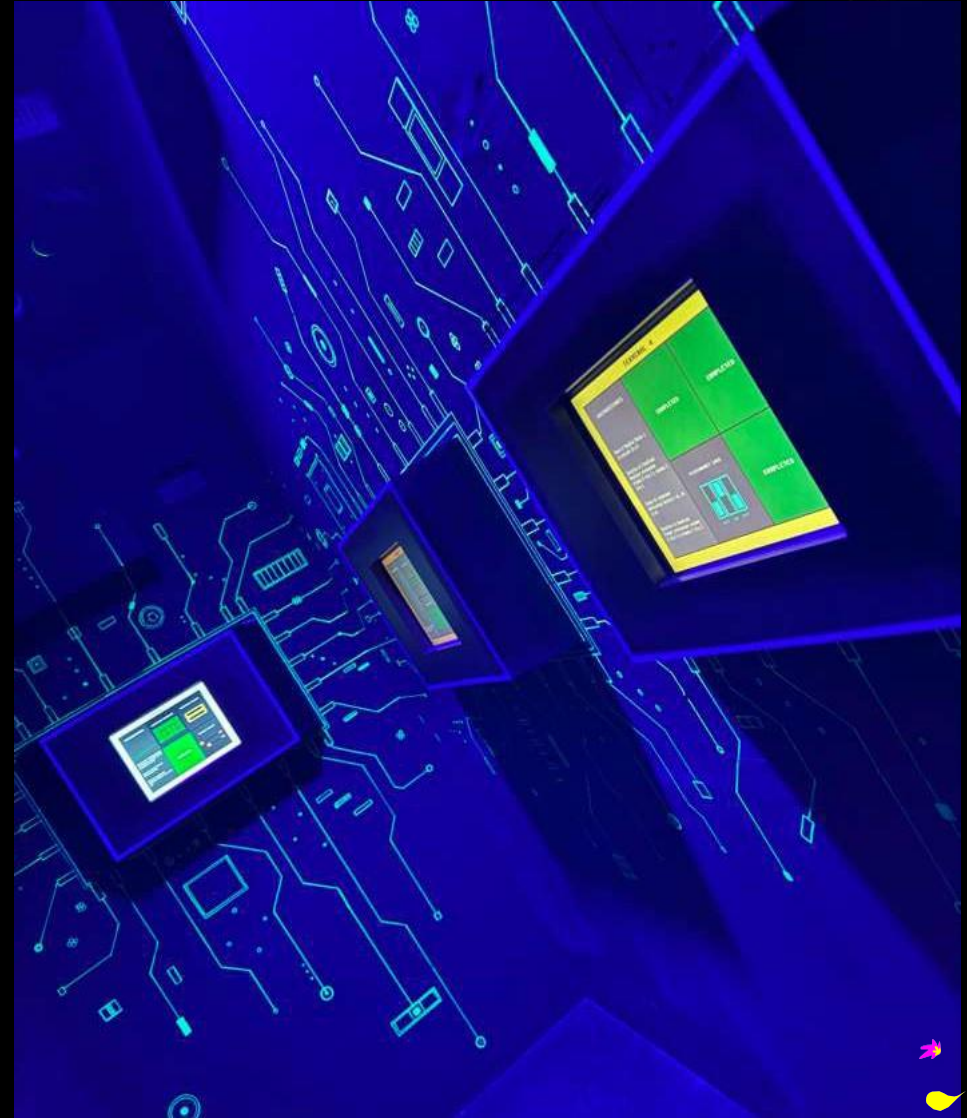

With your **family**, **friends** or **work colleagues**, you will face **6** fully immersive funny challenges of a 10-minute duration, where you will jump through lava, show your aim with balls, laser dodge amongst others...

ROOMS WITH ARCADE CHALLENGES LIKE A REAL VIDEOGAME ON A REAL ESCALE

Our rooms are fully equipped to live a genuine and unique, **totally immersive experience**.

Our rooms and challenges are designed to fit between **4 and 8 players** with projectors, lights and sound as well as fully immersive decorations like the good old video game arcades.

A perfect activity for **birthday parties** and **team building events**.

ROOMS WITH ARCADE CHALLENGES LIKE A REAL VIDEOGAME ON A REAL ESCALE

Players are equipped with **identification bracelets** that will make them feel part of the game all the time.

Rooms are completely designed meriting being photographed or video recorded.

Mobile devices are allowed, making it a strong point as the activity can become viral on itself.

It's is an immersive experience inspired in the **classic video games**

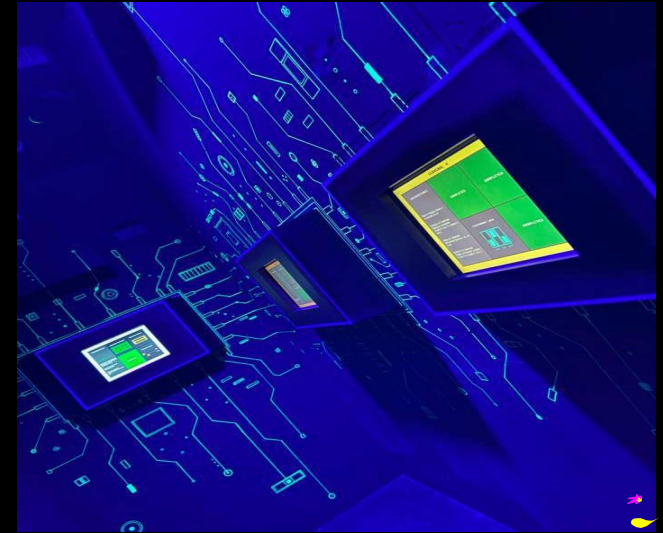

6 CHALLENGES

Our experience is composed of 6 immersive challenges divided in 6 rooms, with increasing difficulty levels in each one of them, and 10-minute length with its own game rules.

Tension increases as the game goes on.

6 CHALLENGES

A challenge where **team communication** plays a key role. Players will face some touch screens where they will have to **share complex information** with the rest of the players to make progress.

A real high-tech challenge where players will face **different laser patterns** that they will have to go through while **difficulty keeps increasing**. They will have to watch how the patterns **change each level and start moving**. They will have to jump over the lasers, go under them or even dragged themselves.

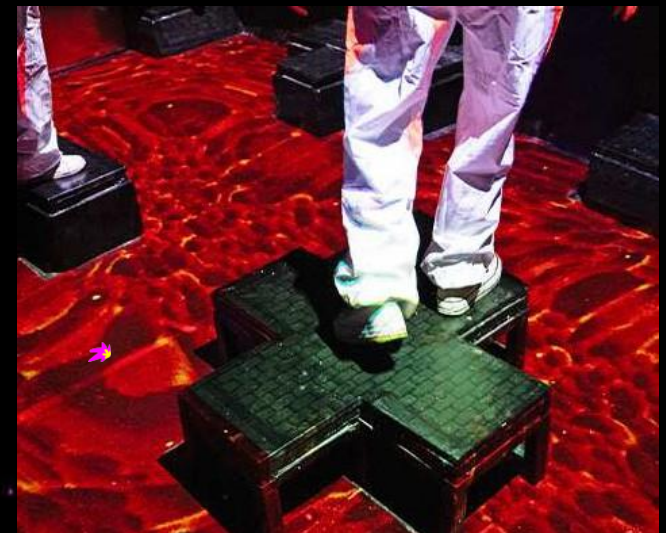

6 CHALLENGES

A hectic challenge based on a **quiz** where **aim will be your best ally**. The players will confront a giant machine full of balls with different changing targets where the solutions will be projected, and the players will have to aim and throw balls to solve them.

The classic **platform game** where players will put their **motor skills** to the test jumping through different size platforms set up around the room and avoid falling on the ground which will be full of lava, at the same time, they will have to dodge obstacles like firebombs.

6 CHALLENGES

A **movement challenge** based on the **Mapping technique** where players will have to move themselves around the room and geolocate themselves on the projector to unblock the different levels.
