Month

January

Year

1775

(Date must be pre-application submission)

Please provide a brief description of the building or part of the building you are proposing to demolish

Some 20th century toilet partitions are to be removed and two small holes are being made in the 18thC fabric to re-route the extract ducts so the vents can be moved off the external window glazing.

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

Upgrading the existing very dated toilet fit out will help to ensure that the offices remain a desirable place to work by modernising the facilities and improving ventilation. Re-locating the extract vents off the windows to a much more discrete location will improve the façade of the existing building.
