Subject: application number : 2024/4173/T

To whom it may concern,

We are writing in support of Application 2024/4173/T, filed by Bill Amos regarding some tree cutting in the rear of 23 Church Row, NW3 6TH. We are Bill's neighbors at 23 Perrins Walk, and share his concern that the larger branches above and roots below may cause problems with the structure and underground pipes of both our properties. The tree is in neither of our gardens, and may fall under a preservation order. We endorse its trimming.

Please feel free to contact us for any further information.

Thank you,

Christopher and Claire Markus
