2024/4617/T	MRS L A DARLINGTON	29/10/2024 13:39:52	INT	<p>These trees and bushes are on our property and we have nurtured them for the last sixty years.</p> <p>The only reason why we are thinking of having these trees and bushes removed is because our structural engineer has identified them as the cause of serious subsidence in our property.</p> <p>Other experts we consulted have confirmed the engineer's verdict, and it has now come to the point where removing these trees is a matter of utmost urgency if we are to avoid major structural damage to our house.</p>
