The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Site Location Plan; 68PR-1701; 68PR-1703; 68PR-1704; MJ/LSWD/01; MJ/LSWD/02; MJ/LSWD/03; MJ/LSWD/04; MJ/LSWD/05; MJ/LSWD/06; MJ/LSWD/07; MJ/LSWD/08; Window Specification from London Sash Windows & Doors (x 8 pages); Design & Access Statement dated 19th September 2024.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The host building is a three-storey plus basement building located in the South Hampstead Conservation Area. Flat 3 is the upper ground floor flat. The property is identified as a positive contributor in the South Hampstead Conservation Area Appraisal adopted in February 2011.

The proposed replacement windows would match as closely as possible the existing windows in terms of materials, colour, frame sizes, design, opening method and proportions.

There would be some degree of increased thickness to the frames/glazing bars in order to accommodate the double-glazed panes; however, in this instance, the use of suitably designed slim-line units are considered to be an appropriate and sympathetic change which would preserve the character and appearance of the host building.

The windows would also improve the thermal performance of the building which is a material planning consideration.

There are no amenity concerns to neighbouring properties given the proposal would replace existing building features and fenestration.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the South Hampstead Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act [ERR] 2013.

As such, the proposal is in general accordance with policies A1, CC1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021; and the provisions of the National Planning Policy Framework 2023.

Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
