I see that once again an application has been made to fell two mature trees in the garden of Cecil House, Albert street.

I would like to express an objection: as a resident of Arlington Road, the felling of these trees will have a significant impact on the privacy we currently enjoy.

I would also like to point out that we have lost far too many trees in the disastrous HS2 works in this area. We should be protecting mature trees given the impact of climate change.

These trees could be pruned if necessary but not felled.

I would urge you to place a tree protection order on these two trees.

Kind regards

Amelia Thorne
