Subject: Objection to application 2024/4221/T

Hello,

My name is Gilly Ben-Amram, from 56 Goldhurst Terrace.

We only just learnt about the application to fell the tree - I had not seen any notification about it in time to take part in the consultation.

I have asked and it is my understanding that there is no clear evidence that the tree is causing issues and that it should be felled.

Like many other residents in Goldhurst Terrace, we love the few trees in our street, and feel that it would be a shame to lose it unless absolutely necessary.

Best regards,

Gilly
