Subject: Application 2024/4221/T OBJECTION

Hi,

I object to the tree being felled. Walk down Goldhurst Terrace, and the few trees there are make the character of the street. More trees should be planted, not one take away.

Trees improve air quality, they reduce street temperatures, they provide mental health benefits, they improve the aesthetic of the whole street. I strongly object to full grown trees being cut down unless they are rotten or in the process of falling down already.

Thank you,

Lucy
