2024/4720/P	alan selwyn	12/11/2024 12:29:54	OBJ	The Belsize Society objects to one element of this application, namely the design of the glazing bars on the proposed newly widened doors and side windows. The proposed improvement to the scale of the new openings should also make use of the opportunity to reflect the proportions of the window divisions and the multi-pane glazing characteristic of the elevations of this building, rather than introduce a new, discordant feature of horizontal glazing divisions which detracts from the unity of the rear elevation.
