Dear Camden Council,

I have received information from my neighbour today that this application has been approved. I was unaware of the application until today, but even at this late stage I would like to register my concern that the rear extension to the property at 29 Lawford Road will reduce the light, and some sunlight to the rear of my raised

This area of the flat is quite dark even now. Also, the walls and paths adjacent to garden wall get very little light and are vulnerable to damp.

I hope it will be possible for the plans to be modified. It is of course regrettable for us

at No 29 did not inform us if their plans at an early stage, when our concerns could have been considered.

Yours sincerely,

Craig Ayrey
