Dear Sir/Madam

DECISION

Town and Country Planning Act 1990

Advertisement Consent Granted

Address:
58 St Giles High Street
London
WC2H 8LH

Proposal:
Installation of an internally illuminated fascia sign and an externally illuminated projecting sign

Drawing Nos:
R10 P00 01, R10 P00 02, R10 P00 03, R10 P00 04 (R1), R10 P00 05 (R1), R10 P00 06 (R1)

The Council has considered your application and decided to grant consent subject to the following condition(s):

Conditions and Reasons:

- 1 No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.

Reason: As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

2 No advertisement shall be sited or displayed so as to:

- (a) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);
- (b) obscure, or hinder the ready interpretation of any traffic sign, railway signal or aid to navigation by water or air; or
- (c) hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle

Reason: As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

3 Any advertisement displayed and any site used for the display of advertisements, shall be maintained in a condition that does not impair the visual amenity of the site.

Reason: As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

4 Any structure or hoarding erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition.

Reason: As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

5 Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

Reason: As required by regulation 2(1) and Schedule 2 of the Town & Country Planning (Control of Advertisements) (England) Regulations 2007.

6 The intensity of the illumination of the digital sign shall not exceed 50 candelas per square metre between dusk and dawn in line with the maximum permitted recommended luminance as set out by 'The Institute of Lighting Professional's 'Professional Lighting Guide 05: The Brightness of Illuminated Advertisements'. The levels of luminance on the digital sign should be controlled by light sensors to measure the ambient brightness and dimmers to control the lighting output to within these limits.

Reason: To ensure that the advertisement does not have an adverse impact on neighbouring amenity nor be harmful to either pedestrians or vehicular safety in accordance policy D4 (Advertisements) of the Camden Local Plan 2017.

Informative(s):

1 Reasons for granting permission.

The proposed signs are located on the front elevation and include the installation of a new internally illuminated fascia signage and internally illuminated projecting sign

The fascia signage is sympathetic in design and provides a textured painting finish with metal bronze lettering which is supported in this location. There is a small level of illumination 50cd/m² however this is considered minor and with a context of many illuminated signs this represents a sympathetic addition to the area. The level of illumination will be secured by condition.

The projecting sign has since been moved from the original location to be on the fascia board and means and therefore is an acceptable location and proportion. The small level of internal illumination at 50 cd/m² is also accepted and will be secured by condition.

Due to their size, location and proposed non-illumination the proposals would not significantly harm the amenity of any adjoining residential occupiers in terms of outlook or light spill. The signage would also not be harmful to pedestrian or vehicular safety.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area under s. 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections have been received prior to making this decision. Planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1, D2, and D4 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2023.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public

Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 4 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with the National Planning Policy Framework. The council publishes its adopted policies online, along with detailed Camden Planning Guidance. It also provides advice on the website for submitting applications and offers a pre-application advice service.

You can find advice in regard to your rights of appeal at:

<https://www.gov.uk/appeal-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully

A handwritten signature in black ink, appearing to read 'DPope', is written over a light grey rectangular background.
