2024/4815/P	Nicholas Hadaway	26/11/2024 10:35:38	COMMNT	I live on and I'm an active user of the Magdala. It is very important that the space is preserved for local use. There is good evidence that the landlord has not in good faith sought to achieve this.
2024/4815/P	Curtis Ryan	26/11/2024 10:58:49	APP	The building was maintained as a pub and an asset of community value on the basis that the function room was usable and a part of the pub. Why has this not happened and how can this change be affected without consultation? As a local resident I object to the application.
2024/4815/P	L Rankin	26/11/2024 13:57:00	OBJ	This space was a valued community resource, hosting events like celebrations, wakes, and local gatherings that brought people together. Its conversion into a flat disregards the council's previous refusal and undermines the needs of local residents. Restoring the function room would benefit the community by providing a much-needed venue for social and cultural events. I urge the council to reject this application and support the preservation of this important community asset.
