2024/4727/P	Madeleine Smith	28/11/2024 19:08:00	COMMNT	Not agreed as creates an ugly outlook just opposite my large living room window. I understand the plan is to add more than the AC units (which are already in situ, despite no planning permission) and raise the level of the roof. These changes specifically impact the view, light and noise to my dwelling.
