2024/4804/P	The Heath & Hampstead Society Society	28/11/2024 12:40:52	OBJ	<p>Objection from: THE HEATH & HAMPSTEAD SOCIETY</p> <p>This application proposes to extend the existing dormer and construct a roof terrace on the roof of the enlarged dormer.</p> <p>This is an unusual application and totally different in height and character from any local terrace.</p> <p>The new, large high terrace at roof level would not only be clearly seen from all the gardens to the north but anyone on the terrace would be clearly seen silhouetted against the sky. Noise and overlooking from this high terrace could cause nuisance in all the many gardens below.</p> <p>The house already benefit from a very adequate terrace. The enlarged dormer and new terrace detract from the Conservation Area. PLEASE REFUSE</p>
