

51 Greencroft Gardens NW6 3LL

Live trees are marked with a green dot and dead ones marked in red. All trees are in the rear garden of 51 Greencroft Gardens unless stated

I list the trees and proposed work, if any, below:

1. Declining mature Robinia (False Acacia) in front garden of [53 Greencroft Gardens](#) – Remove deadwood
2. Ash (*Fraxinus excelsior*) in NE corner near house – Remove semi mature tree as it has poor form and is immediately next to brick boundary wall with [49 Greencroft Gardens](#).
3. Sycamore (*Acer pseudoplatanus*) in NE corner near house – Remove semi mature tree as it has poor form and is immediately next to neighbour's brick wall.
4. Fig (*Ficus* spp.)
5. Pear (*Pyrus* spp.)
6. Birch x2 – Remove x2 dead semi mature Birch trees.
7. Lime (*Tilia cordata*) in rear garden of [77 Aberdare Gardens](#).
8. Conifer – Remove young Conifer which is 95% dead.
9. Ginkgo biloba
10. Pittosporum shrub – Remove.
