Hello,

Having recently been aware of the building work of this case - Planning Application - 2024/4687/P as well as cases 2022/2230/P (when the vast scaffolding was erected this week) I am greatly concerned by the access to light that these works will have on my property - Flats 1-2, 8 Ainger Road. I note that sunlight analysis has been undertaken on the my properties 1 - 7 Ainger Road however my property which i believe will be far more greatly impacted has not been taken into consideration at all and I am very concerned.

I was not aware of any planning requests and am now anxious to understand the scale to which my property will be affected.

Please could you urgently review this

Many thanks
Deborah Ellert
