The proposal is for the installation of non-illuminated signage lettering to fascia and retractable canvas awning with company logo. The building is not listed but it is situated within the Bloomsbury conservation area. Refurbishment works are proposed to install a new shopfront to the premises and as part of this it is proposed to install black laser cut steel lettering over the window which is non-illuminated and small in size. A grey and black retractable awning will be installed at the top of the fascia which will have minimal lettering branding in white to the front edge.

The design and materials of the proposed lettering and awning are considered appropriate on the host building and would result in the enhancement of the character and appearance of the host building, streetscene and the conservation area in this location.

By virtue of their nature and location, the proposals are acceptable in amenity terms.

No neighbour objections were received prior to the determination of the application. Bloomsbury CAAC were consulted but did not comment. The planning history of

the site has been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with Policies A1, D1, D2 and D4 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the Bloomsbury Conservation Area Appraisal and Management Strategy 2011, London Plan 2021 and the National Planning Policy Framework 2023.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.
