Subject: Planning, fao 2024/3983/L re 69 Gower Street fao Matthew Kitchener

Importance: Normal

I am commenting on this application on behalf of the Bloomsbury CAAC.

We are not opposed to the refurbishment work itself, which seems to be carefully planned.

But we are strongly opposed to the addition of Air Conditioning, not least because it will require so much ducting.

We have been unable to find details of this either at 2024/3983/L or 2024/3915/P, particularly no internal plans.

Hero Granger-Taylor, Bloomsbury CAAC member.
