

Dear Sir/Madam,

Re: Planning application ref 2024/4823/P
13 Flat Lower Ground Floor Chalcot Gardens NW3 4YB

The statutory requirement for planning is only for either a site notice or letter:
(<https://www.camden.gov.uk/documents/d/quest/statement-of-community-involvement-2024-final-1>)

No site notice and no letter has been received.

The planning application was found coincidentally on the Camden Council site while searching for previous planning permission for the same property on 5/12/2024. The deadline for comment is 9/12/2024. This does not provide sufficient time for myself and other residents to review the plans and comment. I believe the development will drastically affect my privacy and the opportunity to properly review and comment is very important to me.

As a directly affected resident, I hereby submit a request that the deadline for the response be extended, or the application be invalidated as no notice has been served to residents either on or near the affected site, nor a letter received.

Kind regards,
Millicent Chu
Resident of 14 Chalcot Gardens NW34YB
