2024/5022/P	Shaheen Khan	07/12/2024 09:38:40	COMMNT	<p>Strong Objection.</p> <p>Finchley Road is a main arterial road and vehicle access and exit would be extremely hazardous as there is no turning space with vans/cars having to reverse blindly into a bus lane, an accident is waiting to happen</p> <p>Car usage and pollution in London is already too high and this would only encourage car ownerships. Pedestrians would face obstacles as the space isn't deep enough due to bin store cupboard and meters, so vehicles would be over hanging onto public pedestrian pavement .</p> <p>Camden should reinstate the bollards they removed in 2018/19...</p>
