2024/4840/P	Anthony John Stuart Jennings for Bloomsbury Conservation Area Advisory Committee	11/12/2024 15:34:19	COMMNT	We would comment that we don't think the proposed roof extension should take its cue from the cupola and that the proposed design and materials of the roof extension are inappropriate for this building. It should be more robustly constructed of brickwork that relates to the building's facade. Could the applicants please be asked to rethink this. BCAAC.
