Have you consulted your neighbours or the local community about the proposal?

Dear Robert I write in relation to your approval of details application ref 2024/5123/L for 88 South Hill Park, for which you should shortly receive a decision I have considered the content of your application and have omitted condition 4 (a) relating to details of the internal aperture between the master bedroom and the bathroom. This is because you have not submitted any details regarding the condition as the current intention is not to go ahead with the works. There are alternative ways of addressing this condition. The first is to do nothing as the works are not likely to proceed, the second is to leave it open and submit an AOD any time in the future in the event your client or any future owner decides to go ahead with the works, and the third is to make an application to remove the condition (which is an option if your client is considering a streamlined conveyancing operation in the event they sell the property). I trust this is satisfactory for you and your client. Whilst I am writing to you, I thought I should you let you know that the application for No 86 South Hill Park still has not yet appeared on the Council's planning system, so presumably it is still being processed through the Planning Portal. Best wishes Catherine Catherine Bond Principal Conservation Officer **Authority Employee/Member** With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority. Do any of the above statements apply? ○ Yes ⊗ No **Ownership Certificates** Certificates under Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990 Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D. Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? Yes \bigcirc No
