Comment

Do you have any comments or consider that the proposal is harmful to or does not preserve the character and appearance of the conservation area?

Can you please provide information about how the users of the existing play equipment have contributed to the selection of the proposed new equipment. This should be determined by engagement with the children who will be using it.

What age group is it catering for?

It would be good to have more information about the materials it is made of.

The equipment seems limited the play experience that it offers. More flexibility in use and natural materials would be beneficial.
