2024/5306/P	B. Bennett	13/12/2024 09:36:04	OBJ	<p>Dear Gary Wong</p> <p>I am writing to object to this proposal. The proposed bulky extension would take away light from neighbouring properties and remove garden and open area to future residents and wildlife. The style of the proposed extension is incongruous with this Camden conservation area 19th century building with a proposed very large UPVC window/doors and large block structure, and does not fit in with the sweep of surrounding traditional buildings which have been retained well. It would set a dangerous precedent to further damage the rears of surviving buildings in this historic conservation area.</p>
