

<b>Application No:</b>	<b>Consultees Name:</b>	<b>Received:</b>	<b>Comment:</b>	<b>Response:</b>
2024/4892/P	CRASH	14/12/2024 09:03:05	OBJ	CRASH maintains its objection (already submitted) due to lack of information, in particular details of foundations, drainage etc. In addition, CRASH objects to the size of the outbuilding - full width of the rear garden - and to the proposed colour of the elevations. Black may be suitable for a small garden shed, but it is overbearing for a large full-width outbuilding. CRASH will, no doubt, have further objections when the full details of this application are published for public scrutiny and comment.
