The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

Site Location Plan 002 D, 100 E, 150-A E, 150-B E, 150-C E, 150-D E, 215 Max E, 265-A Max E, 265-B E, 265-C Max E, 265-D Max E. Declaration of conformity with ICNIRP Public Exposure Guidelines 30th May 2022. Supplementary Information 31st May 2022.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 4 The apparatus hereby approved shall be removed from the building as soon as reasonably practicable when no longer required.

Reason: In order to minimize the impact on the appearance of the building and local environment in accordance with the requirements of Policy D1 of the London Borough of Camden Local Plan 2017.

- 5 The development to which this planning permission relates shall not be implemented unless and until the planning permission which was granted at appeal on 22/11/2021 under the reference 2020/2015/P has not been implemented and has expired.

Reason: To prevent the site from becoming dominated by the cumulative impacts of excessive antenna proliferating the roof-scape of the building in accordance with the requirements of Policy D1 of the London Borough of Camden Local Plan 2017.

- 6 The colour of the proposed microwave antenna shall match as closely as possible the background, or the part of the building to which it is attached. The supporting mount shall be designed to be as unobtrusive as possible, and should be painted the same colour as the antenna.

Reason: In order to minimize the impact on the appearance of the building and local environment in accordance with the requirements of Policies D1 and D2 of the London Borough of Camden Local Plan 2017.
