Description of Proposed Works

Please describe the proposed works

The project involves two main areas of work. The first is the enlargement of the existing roof extension, so that it matches the depth of the adjacent neighbor's. To achieve this the roof extension will be extended towards the rear facade by 3.1m. A new facade will be created, utilising a material palette of zinc paneling and wooden double glazing units.

The second area of work is on the lower ground floor, and will involve the removal of an existing conservatory extension and its replacement with a solidly built ground floor extension. The new extension will adhere to the footprint of the existing conservatory, and will follow a material palette similar to the works taking place at the roof level. On the side elevation where some brick work will be used, the bricks will be selected to match the existing. The rear facade of the ground floor extension will have large timber sliding doors and zinc paneling on the roof upstand.

Has the work already been started without consent?

Yes

No

Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The level of demolition for the project will be kept to a minimum and the areas being demolished are later additions to the buildings not the original building stock. At the roof level the rear facade of the roof extension will be removed, so that the line of enclosure can be moved towards the rear of the building. At the ground floor, there is an existing conservatory that will be demolished to make space for a new extension of the same size. The existing extension is made purely of glass and therefore not thermally efficient and of no particular architectural character, so the removal of it will add quality to the building.

Biodiversity net gain

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
