2024/5573/P	Philomena	18/12/2024 15:53:12	OBJ	<p>Dear Camden Council.</p> <p>I believe this is the second request to erect a timber garden room from the residents of 23a Hampstead Lane. The previous application was rejected and I feel my reasons and comments previously have not changed.</p> <p>My flat overlooks these gardens to my left. I am already affected by the lighting/noise that comes from one of the existing garden rooms erected.</p> <p>The gardens are very narrow. The garden space is confined and restricted.</p> <p>The existing trees give some privacy but this will break the outlook at the back of houses 21-31 Hampstead Lane.</p> <p>There are erected 5 garages from The Beech House to my right which I overlook and already so much car noise, lighting, that affect the houses 25-33 H Lane.</p> <p>Hampstead Lane is a very busy road with school, bus, and car traffic. It is the peace to the rear/back of our properties we relish and wish to keep so.</p> <p>So much development is impacting on the limited enclosed and restricted area of gardens.</p>
