Hello Aiden,

Thank you for letting us know you were unable to join the meeting planned this morning. I will send a brief summary of our meeting last week and ask that your team feed back any concerns relating to our site investigation proposals summarised in the initial enquiry to NR on 18 Nov.

We discussed last time that we do not expect that the site investigations to have an impact on Thameslink/NR assets so would like to confirm this ahead of the planned start of the works on 6 January, and that we have satisfied the requirement under the planning condition to consult with NR(HS) ahead of commencement.

Do feel free to contact me on the below details when you return from training if there are any queries arising.

Kind regards,
Henry
