Details of the pre-application advice received

In conclusion, the rear extension is considered to be acceptable in principle, however, it is encouraged to reduce the glazing to the side elevation. The outbuilding to the rear garden is considered to be acceptable in principle, though should be set back from the boundary wall and amended in design to use materials appropriate to the setting. The installation of an air conditioning unit is not supported as it is contrary to Policies A4 and CC2 of the Local Plan, unless clearly justified in line with policy.
