Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposal is to repurpose the listed kiosk, without changing the external appearance of the kiosk itself, to class E retail purpose so that it can serve as a coffee shop with a speciality in serving matcha drinks to the local Hampstead area. While the historical use as a phone box would reflect best the original intention of the building's design, it is evident that use of the listed building for telecommunications is no longer considered necessary nor economically viable by the original phone service provider. It has not been used for this original purpose for over ten years. In the absence of such demand, it makes sense to consider alternate uses for the heritage asset and uses which can benefit the wider community and ensure the successful preservation of the asset in modern day London.

The proposal would not change the appearance of the telephone box in any way that would be at odds with the traditional character and fabric of the kiosk and thus this is an opportunity to renew the appreciation of this original piece of history, bringing a novel energy.
