As a longtime owner/resident and community member, I am writing to raise questions regarding this application. It has come to my attention that the person applying for the stated extensions is *not* the owner or tenant of the concerned property, which makes it an unusual and possibly suspicious request. I am also concerned because the person who has submitted this application has had a history of making controversial decisions and disrupting the neighbourhood.

Thank you for your care and due diligence in handling these requests and protecting our homes and communities.
